We are pleased to present you with CAMBA's 2009 Annual Report. With the economy still struggling and the job market lagging behind a nascent recovery, our clients and the entire Brooklyn community have continued to face enormous challenges. At the same time, cuts in government funding have presented our agency with difficult decisions. In the face of these conditions, CAMBA remains a strong and growing agency and we are firmly committed to our mission to provide services that connect people with opportunities to enhance their quality of life. We also continue to develop new programs in direct response to emerging community needs. CAMBA has been successful on all fronts largely due to the dedication of our staff of over 1,300 employees. Each of our staff brings a unique set of strengths, skills and interests to their job and we could not provide such effective services without their continued commitment to the well-being of our clients.

To meet the needs of children in kindergarten through grade 5 for quality after-school programming, CAMBA entered into a new partnership with the Beginning with Children Foundation. Through this collaboration, we opened two new programs - CAMBA Kids Succeed at Beginning with Children Charter School and CAMBA Kids Excel at Community Partnership Charter School. Between these two efforts, we are providing a safe space and enriching activities for 285 children while their parents are at work. At Beginning with Children Charter School, we provided a very successful Masters of Literacy Program for kids and their families. At Community Partnership Charter School, kids enjoyed specialized science programming with the New York Horticultural Society.

We are also continuing to address the food requirements of struggling Brooklyn families through our Beyond Hunger Food Pantry. Beyond Hunger operates on a Choice or Supermarket Model. Instead of receiving bags already packed with food, clients of a Choice Pantry go shopping in the pantry and choose the foods that they want/need. Shopping as opposed to receiving packed bags, allows for consumers to choose the foods that their family will eat and to get the items that they need to supplement what they already have in their kitchen. At Beyond Hunger, we are partners with Local Produce Link, a joint program of Just Food and United Way of New York City that connects a farmer in upstate New York to food pantries in Flatbush who distribute the locally grown organic produce as a part of their regular food distribution. remains at very high levels, with the pantry serving nearly 2,000 clients per month over the past year. CAMBA is continually seeking new sources of support for this vital program.

CAMBA has also been a recipient of funds allocated through the American Recovery and Reinvestment Act, President Obama's stimulus package. Our Dislocated Workers Program will help 200 recently unemployed Brooklyn residents return to full-time work. In most cases, we will help workers leverage their existing skills and experience to make a transition to a related field. For example, an unemployed bank teller may not be able to get work at another bank, but s/he may be able to secure employment as a customer service representative. We are also training and placing 50 people in "green" jobs, primarily as certified energy efficiency auditors and building analysts in the increasingly vital areas of energy conservation and weatherization. While this program is in its early stages, we are already stimulating the economy by hiring seven new full-time employees and spending funds locally on supplies and materials. By placing 200 individuals in local jobs, we will continue to support the recovery of the Brooklyn economy.

The past year has also been one of major accomplishment for CAMBA Housing Ventures (CHV). Morris Manor, a 46-unit, newly constructed facility was fully leased up. Morris Manor represents a major milestone for CHV - it is the first housing project fully developed by CHV from design to completion. CHV began the construction of Morris Manor on a long-val-

cant City-owned lot in summer 2006. The building opened on October 1, 2008 and lease-up was completed by the end of November 2008. This beautiful, state-of-the-art building offers 46 units of supportive and affordable housing in the heart of Flatbush. The building provides 27 units for formerly homeless individuals exiting the City's shelter system. An additional 18 units are occupied by low-income tenants who earn no more than 60% of the Area Median Income.

This year, our accomplishments at CHV received well-earned accolades from the community. Joanne M. Oplustil, Executive Director of CAMBA, and Morris Manor were recognized by the Brooklyn Chamber of Commerce's Building Brooklyn Awards. The Brooklyn Chamber of Commerce gives the Building Brooklyn Awards each year to recognize individuals who have made significant contributions toward enhancing the business conditions and economic climate of Brooklyn and new developments that enrich the borough. CAMBA and CHV are deeply grateful for the recognition reflected in these awards.

This year's Annual Report represents something new. Our theme is "CAMBA through the Eyes of Our Clients". In the following pages, you will meet clients of CAMBA's various programs and read their own words about what CAMBA means to them. We hope you will find them as inspiring as we do.

Shona Stone Sculpture

CAMBA is proud to be one of the nation's premiere purveyors of Shona sculptures. Proceeds from our Annual Sale and Exhibition of Stone Sculpture from Zimbabwe supports CAMBA. Zimbabwe, a southern African country whose name literally means "the house of stone", is known for its remarkable stone sculptors. Semi-abstract works created by artists of the country's largest ethnic group can be found in the collections of many of the world's most discerning art collectors, including the Museum of Modern Art in New York City, the Musée Rodin in Paris, the Rockefellers, and Queen Elizabeth II of England. CAMBA's Annual Sale and Exhibition of Stone Sculpture from Zimbabwe features works by many noted and established sculptors, as well as the offerings of emerging artists. Our 1,500 square-foot gallery at 19 Winthrop Street provides exhibition space for many Shona sculptures at one time, making it one of the most impressive collections in the United States.

Because of the deteriorating political climate in Zimbabwe and the resultant downturn in foreign tourism, there are few other venues for these artists to find a market for their work. CAMBA's commitment to retaining a Shona gallery allows us both to offer these works at reasonable prices and to enable the sculptors to continue their artistic endeavors. These stone sculptures can be viewed and purchased by appointment, online and during our annual fall sale and exhibition. Forty percent of the purchase price of each sculpture is tax deductible.

“He’s ADHD and it’s hard. He’s one kid but it’s like he’s 20 kids.” ■ “Having CAMBA on my side, I’m not doing it myself because sometimes you might need help. There are other people out there like me who don’t know about CAMBA who could use CAMBA’s help.”

Rosemarie & Tommy, Caribbean Family Services

“Once you come to CAMBA, everything opens to you. They open the doors and you come out thinking ‘I can do this’. There’s something that they give you that makes you grow up. CAMBA makes you grow up.” ■ “Once you speak with a person at CAMBA, you get that feedback and you come out with a positive idea of what you’re going to do.” ■ “Before my daughter used to have a lot of problems with school - no more now. She listens to her mother and school. She has a lot of plans. She wants to be a teacher and she’s trying to get some credits for college starting now.”

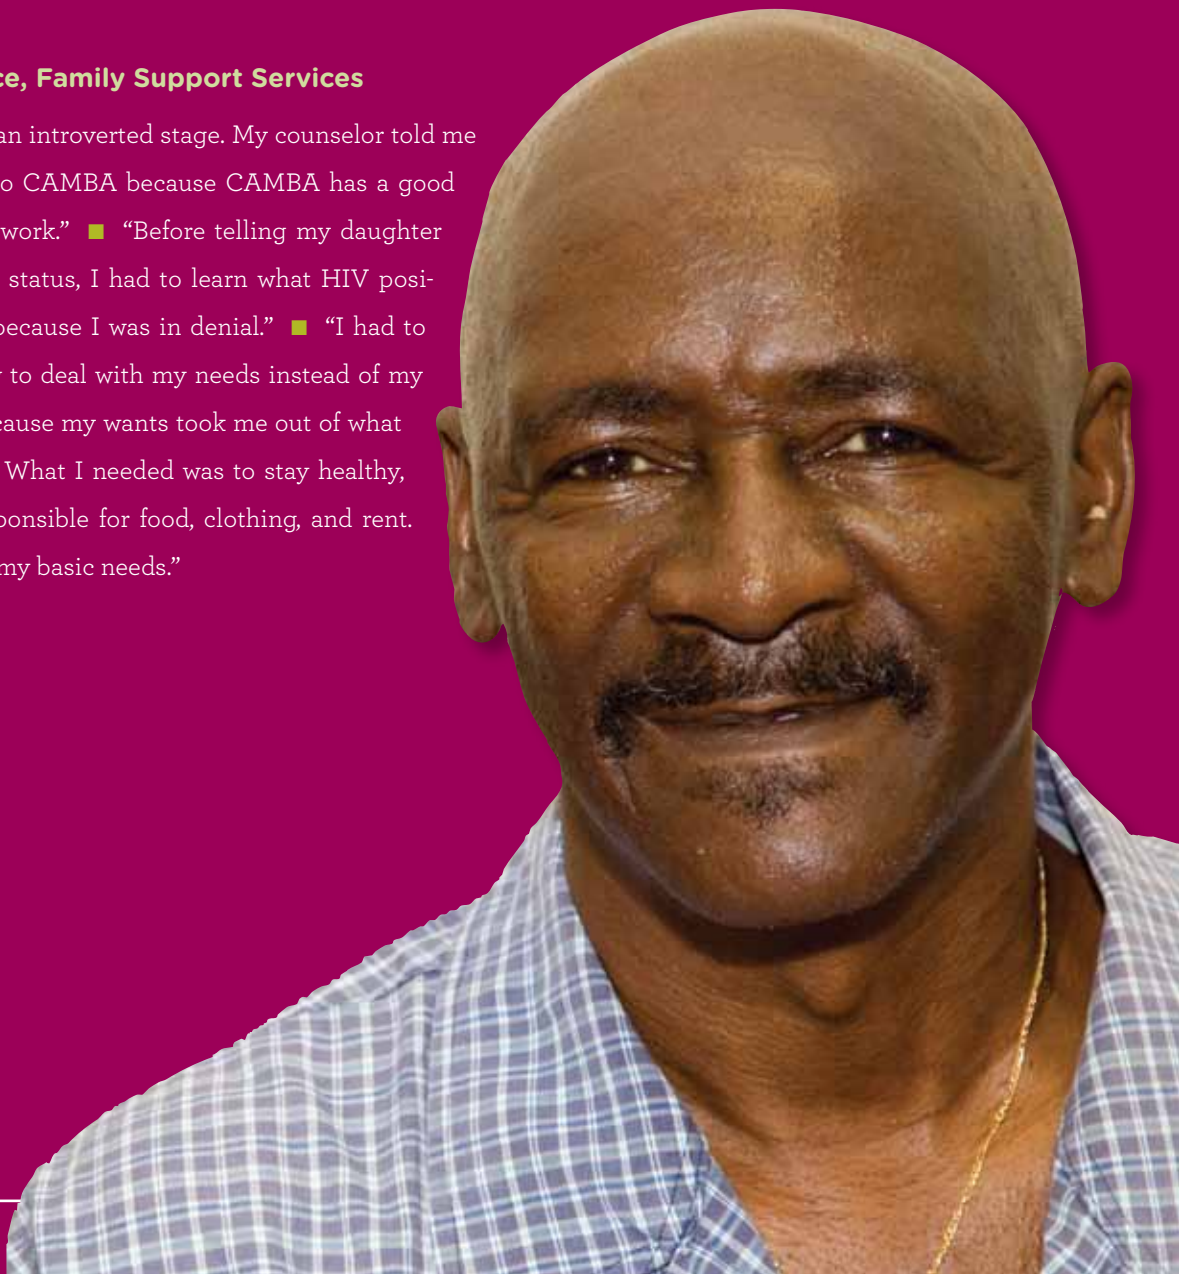

HIV/AIDS Services

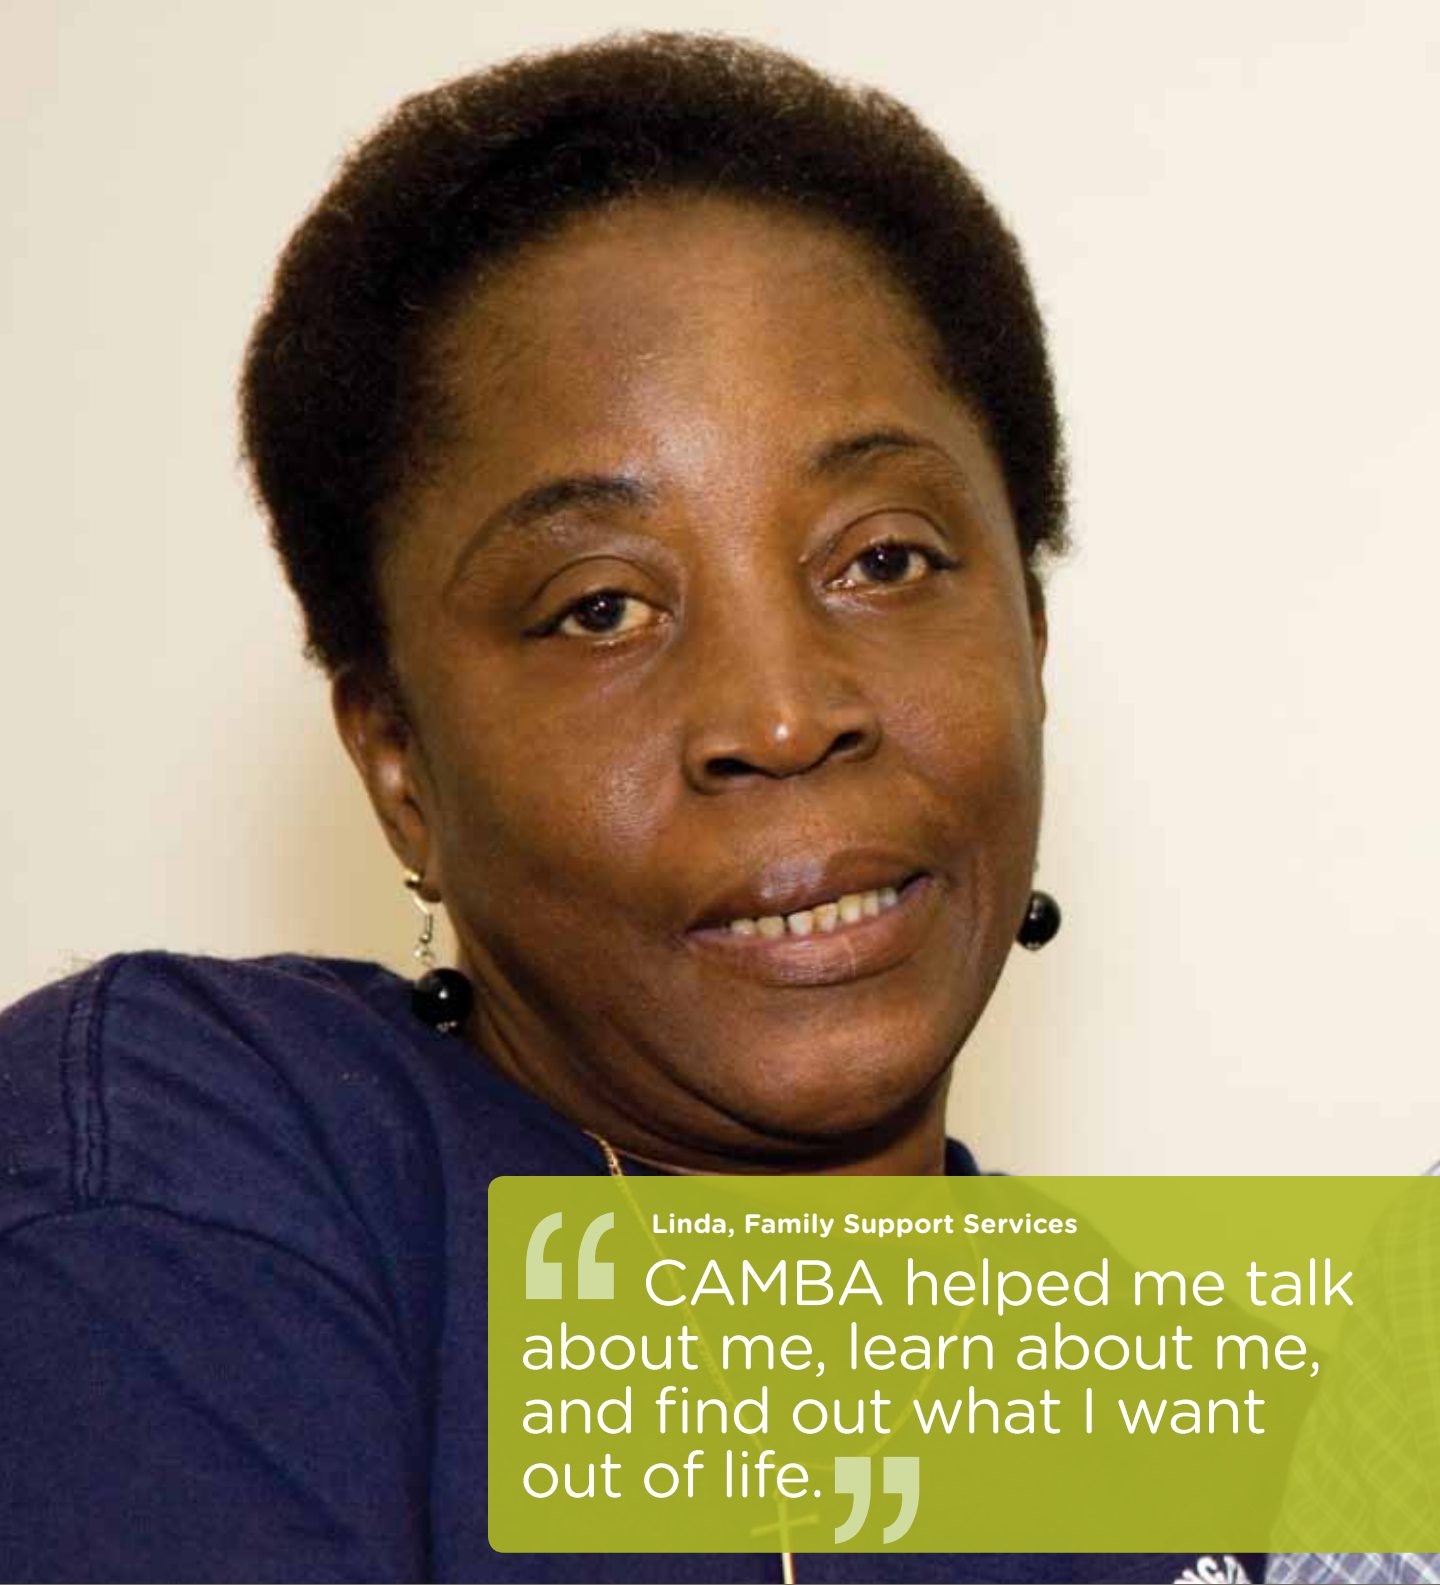

Linda, Family Support Services

“CAMBA has helped me a lot. When I came to this program, I knew that I had to do a lot of work on myself as far as staying clean a day at a time. My goal was to get back with my kids, because in my years of drugging, I lost my kids to the system. I came to CAMBA and I told my story. CAMBA helped me because I now have a relationship with my daughter. She was born positive for crack and they removed her from me at childbirth.” ■ “CAMBA helped me talk about me, learn about me, and find out what I want out of life. Today I am not using drugs. It’s a process, I’m working on it, you know I’m only human.” ■ “When I speak, it gives other people in the group the courage to talk about what they need to talk about. Today I can talk about anything without crying.” ■ “We’re eating healthier, we’re looking better and we’re in the best shape of our lives. This is where life begins for us because we drugged for so many years together.”

Lawrence, Family Support Services

“I was in an introverted stage. My counselor told me to come to CAMBA because CAMBA has a good social network.” ■ “Before telling my daughter about my status, I had to learn what HIV positive was because I was in denial.” ■ “I had to learn how to deal with my needs instead of my wants because my wants took me out of what I needed. What I needed was to stay healthy, to be responsible for food, clothing, and rent. They are my basic needs.”

Linda, Family Support Services

“ CAMBA helped me talk about me, learn about me, and find out what I want out of life. ”

Everything went bad.” ■ “I was working for a company for over two years and the company just folded with the economy.” ■ “You won’t believe it when you get to the Flagstone Family Shelter. How You Can Help

For 30 years, CAMBA has prided itself on its ability to respond flexibly to changing community needs and to adapt our services to address sudden crises that disproportionately affect the City's poorest individuals and families. Generous support from individuals, corporations and foundations gives CAMBA the capacity to be proactive and to continually develop innovative programs.

Types of Gifts

- **Cash** - This is the simplest and most immediate way for you to support CAMBA. Gifts may be made by check or on-line at www.camba.org. A donor can also arrange for a monthly credit card deduction to fulfill an annual gift pledge. Checks should be made payable to CAMBA, Inc. and mailed to the attention of the Development Office at CAMBA, 1720 Church Avenue, Brooklyn NY, 11226.
- **Corporate Matching Gifts** - If a donor or a donor's spouse works for a company that has a matching gift program, any personal gift can be matched by the employer. Please check with your company's human resource department for matching gift information.
- **Bequests** - Gifts made through a will enable a donor to invest in the future without depleting current assets. Donors can designate specific amounts, or a percentage of specified assets to the charity.
- **IRA Transfers** - The owner of a traditional or a Roth IRA, age 70 ½ or older, can directly transfer \$100,000 per year as an outright gift to CAMBA, without having to pay taxes on the withdrawal. This rule does not apply to employer sponsored retirement plans.
- **Memorial/Honorary Gifts** - A friend or family member can be remembered or honored by means of a gift to CAMBA. We will promptly notify the designated recipient of the gift.
- **Gifts of Appreciated Stock** - Donors with appreciated securities can contribute them directly to CAMBA and get a tax deduction on the current market value of the asset. No capital gains tax will be assessed.
- **Other Planned Gifts** - Various trusts, annuities and gifts of significant non-cash assets, such as real estate, are also possible.
- **In-kind Contributions** - CAMBA's programs have continuing needs for gifts of clothing in good condition, toys, books, furniture, and food to stock the food pantry.

Please call CAMBA's Development Director at 718-287-2600 ext.265 to discuss how you can make a contribution that is compatible with your current resources and philanthropic objectives.
