

CAMBA is currently reviewing resumes for candidates with LMSW and LCSW qualifications and who are dedicated to serving families.

CAMBA's three family shelters, located in Queens and Brooklyn, have been awarded a grant to expand the range and depth of mental health and related services to families with children in shelters by **hiring Licensed Clinical Social Workers with supervisory experience and LMSW as Care Coordinators** to work in teams with case managers and housing specialists.

Open Positions

- The **Client Care Supervisors** are responsible for team supervision, provision of information and training to team members on psychoeducation, mental health assessments and techniques such as motivational interviewing. The Supervisor consults with professional and technical personnel to bring a multidisciplinary approach to client care, develop linkage agreements and serve as liaison with other community based organizations and local mental health service providers.
- The **Client Care Coordinators** are responsible for the delivery of onsite client services, including groups and workshops for families, crisis interventions and 1:1 support, as well as referrals to mental health and related service providers.

CAMBA offers excellent career advancement opportunities to candidates who are interested in growing with one of Brooklyn's most reputable social services providers. Please visit www.camba.org to learn more about our programs and achievements.

Please submit your resume and cover letter to EricaA@camba.org with "Licensed Social Worker in Family Shelters" noted in the subject line.
